Chair Embree introduced the guest of the Senate, President Malcolm Portera.

MALCOLM PORTERA, PRESIDENT

Dr. Portera provided the following information:
The Board of Trustees did not finalize budget allocations at its April 19, 2001, meeting. The Board decided to wait one more month and will then be prepared to determine how to distribute the cut that was made by the state legislature. MSU’s portion of the cut will be about $12.5-13 million with $6 million of this amount accounted for during the 2000-2001 fiscal year. About $7.5-8 million that will have to be addressed during the 2001-2002 fiscal year.

The Board of Trustees approved a tuition increase of 15-percent, which will generate about $6 million for the university.

Other issues to be addressed during the upcoming fiscal year: health insurance for the institution is going up about $312,000; promotions will have to be funded; scholarships costing about $1 million will have to be funded; and other one-time items that will have to be addressed such as back-flow preventers which will cost about $125,000 and classroom renovations costing about one-half million.

Portera continues to try to protect personnel.

Portera is calling on the Office of External Affairs to become a self-supporting situation which will generate a possible one-half million in the budget.

Portera is also calling on the Athletic Department to make a one-half million dollar commitment back to the university for this year.

There will be a called General Faculty Meeting early next week.

Senator Crowell asked about the tuition increase and how it would affect undergraduate students. Portera responded that it would be about a $450 dollar increase per academic year.

Senator Cinnella asked if MSU was making plans to cover the possible additional budget cut in October. Portera responded that no one can predict what the economy is going to do. If it gets worse, there will be additional cuts and MSU will face the challenge at that time.

Senator Diehl asked about the freeze on faculty positions. Portera responded that he has asked Dr. Cole to look into this and where positions must be filled, they will.

Senator Byrd asked if the university could investigate the meeting schedules of university committees, such as the University Curriculum Committee, finishing their business before the Summer so that programs, changes and proposals could go
through and be in effect for the Fall term. Portera responded that this was possible and to contact Chair Embree and UCC Chair Keith Belli to see what can be done.

Senator Crowell asked if any progress had been made on the “Memorandum of Understanding,” whose principal stated subject was “Promotion, Tenure and Related Employment Policies for Full-Time University Faculty Assigned to the Meridian Campus of Mississippi State University.” Portera responded that he did not know but would check with Dr. Cole and let Senator Crowell know by the first of next week.

REPORT OF THE CHAIR

Chair Embree began his Chair’s Report by sharing the following remarks:

Portera asked Chair Embree to nominate three individuals to a Special Parking Committee which will investigate overhauling the parking situation throughout campus. This is not the committee that was investigating the parking situation at football games. Embree has nominated Lorenzo Crowell, David Lang, and Jamie Mixon.

Embree updated the Senate about the Special Research Scholarship Fund established in the Office of Research in the amount of $100,000. Thirteen applicants have requested funds; ten have been granted and three denied. The grants have averaged about $1,000 each. Embree requested that the Robert Holland Faculty Senate’s University Resources Committee be prepared to give a year-end report on this fund at the beginning of the fall session.

A program review is currently assessing the worth of a program in Meridian called the Manufacturing Technology Program. The process by which the President formed this committee was recommended to him by the Faculty Senate Executive Council. Brad Carter is chairing this committee of six elected faculty members, and four members appointed by the President.

Embree thanked Senators for their service over the past year with particular thanks to committee chairs. A special thanks to Chris Duncan who has been a committee chair and is leaving the university. Also special thanks were given to the Senate Chair’s secretary, Gail Bishop.

REPORT OF THE VICE CHAIR

Vice Chair D’Abramo referred to the Robert Holland Faculty Senate Vice Chair’s Report as distributed. Senator Embree asked D’Abramo if he had any new information on the selection of Deans in the colleges that are without. D’Abramo responded that he could not.
Senator Williams referred to Provost Cole’s comments in the April 2, 2001, Deans Council where Cole states that he “has fallen behind in the schedule to provide decisions about promotion and tenure for those faculty who have applied” and asked when this situation is going to be straightened out. D’Abramo responded that he is still a member of the University’s Promotion and Tenure Committee and they are scheduled to meet with Dr. Cole on April 23rd to discuss this matter.

Senator Duncan asked how Provost Cole responds to the irony of associate professors being turned for promotion to full professor versus the President asking professors to teach more and take up the slack. D’Abramo stated that he had asked Provost Cole this very thing and received no response.

Senator Diehl asked if it were true that some faculty were not given reasons for their promotions or tenure applications being denied. D’Abramo responded that he would ask Provost Cole about this at their Tuesday meeting. Senator Embree commented that the Governance Document states that the administration should give an explanation.
